

Jennifer J. Shultis

I have been living for Christ for 16 years! My new beginning with God started back in 2004, and since then, God has truly become my EVERYTHING.

I have worked in the financial industry since 2005 and have also volunteered in ministry for over ten years. My passions include: teaching God's word, children's ministry, and praise & worship.

I have learned to praise God through every season of my life and have developed a heart & passion for loving people. One of my greatest desires is to witness women being set free from all obstacles that may deter them from fulling God's purpose for their lives.
